

Dear Parents

As mentioned in a previous email I have been in discussions with suppliers of hockey sticks to offer a good deal for parents. The following then are available through the school.

#### Composites

Model	RRP (£)	ALSP (£)	Saving
GX4000	85	52.00	33.00
GX3000	65	40.00	25.00
GXSUMO	65	40.00	25.00
GX2500	55	35.00	20.00

#### Wood

Model	RRP (£)	ALSP (£)	Saving
550i	40	27.00	13.00
ZERO	30	18	12.00
450i	20	18.00	2.00
Hype	15	15	0.00

I know they are a little more pricey, but I would recommend the GX4000 or GX3000. As composite sticks they will last the rest of their school life and the models are very good. Length is a factor in choice as well. I would suggest 36.5cm length although a trip to any hockey store will enable you to check lengths. Although they may be big to start with they will grow in to them. I would really like to get an order in by Wednesday of next week, so by all means email me with model, length required and an agreement that the sum may be added to the school bill.

Yours sincerely

Andrew Gooderham
